# CLASSIC POOL FENCING

1300 4 ELITE

## FRAMELESS GLASS POOL FENCING IS THE WAY OF THE FUTURE.

.....

Create your own elegance and style with a seamless look, by combining your outdoor and indoor living areas to create one truly amazing entertaining area.

The Elite Glass Solutions "Classic" Pool fencing range is manufactured with precision to comply with the Australian and New Zealand Standards (AS/NZS 2208). The 12mm clear toughened glass has high polished edges and radius corners. A range of widths are available to order. All Panels are designed to be used with our friction fit Miniposts although we have other products that are also suitable. The Elite team are happy to assist you or even suggest the best fit product for you. Simply provide us with your layout, measurements and requirements and let us do the rest.

# FIXED PANELS

Code	Height		Width (mm)
